

Addo Elephant Park Tour

The day starts with collecting our guests from their accommodation in Port Elizabeth before heading to South Africa's third largest national park, Addo Elephant National Park in our quest to see the Big 5. This incredibly diverse malaria free park is home to over 650 African Elephants, large herds of Cape Buffalo, Black Rhino, several species of antelope, Warthog, Bushpig, Zebra, Leopard, Lion, Caracal, Spotted Hyena the fascinating Addo Flightless Dung Beetle, a rich bird and reptile life and more recently Cheetah.

Approximately midway through our tour we enjoy a light lunch at the restaurant in Addo's Main Camp. Highlights of this tour include: learning about animal tracks, different animal dung or scat, origin of animal names, African fables, plant names and their uses, animal behaviour as well as getting up close and personal to capture some great photographs. A day not to be missed!

Duration:
Full Day (±10 hours)
